

MARCH 2018

GRADUATION DAY

ATS Valley School conducted Kindergarten Graduation Day on March 17, 2018 at the school campus. The tiny tots of Kindergarten, smartly dressed in graduation robes and caps, presented a pretty picture. The parents of young graduates attended the ceremony and were delighted when they saw the little scholars with graduation caps and scrolls in their hands. The programme began with the distribution of scrolls of merit and the students spoke about what they want to become when they grow up. It was followed by a musical parody performed by Kindergarten students which delighted the proud moms, dads, grandparents who had all gathered for the special day. It was indeed a joyous and memorable day for the little ones! May God bless these tiny "graduates" as they embark on their journey of education.

VISIT TO JAPANESE GARDEN

Students of Grade 1, 2 & 3 visited the Japanese Garden, a theme-based park, in Sector 31, Chandigarh on March 8, 2018. The students were thrilled to see small islands, artistic bridges, Zen garden with river beds and water bodies. They also enjoyed an array of rides and a sumptuous meal which was followed by games. The students were fascinated to learn that the Japanese Pagoda was built specially to house the relics and sacred writings of Buddha. Several beautiful paintings which are placed in an underground passage left them mesmerized.

All in all, the fun trip gave them memories which they will cherish throughout their life.
