LOHRI CELEBRATIONS

Lohri celebration was celebrated in complete traditional ways. Teachers and students sang the traditional song “Dulla Bhatti Wala” and we lit the fire and a dhol was arranged for students. Students participated with great zeal, enthusiasm and enjoyed a lot. They took away peanuts, popcorns and gajak afterwards.

LIFE SKILLS: INSERTING THE BATTERIES IN THE REMOTE CONTROL

At School, our children are encouraged to become self-reliant with their everyday activities, be it at home or school. Children, as we understand, love to explore things independently, things in which they may not be flawless at the beginning but given an opportunity, would love to handle them independently. Grade 3 students were taught how to insert batteries in the remote as a life skill to make them more self-reliant.

PLANTING ONIONS

“We owe a lot to mother nature.” To imbibe this value and understand this feeling, we are constantly encouraging our children to help in the plantation drive. Students of Kindergarten planted onions in the kitchen garden of the school. They also learned identifying the types of plants (onion is an underground plant), right soil for plants, giving manure and how to water them.

MAKAR SANKRANTI CELEBRATIONS

Students celebrated “Makar Sankranti” today at the school campus with great zeal and vigour. It was colorful and traditional celebration indeed! All the students were in a festive mood and gathered in the main ground to fly kites and to witness and enjoy the program.

There were around 200 participants in each category from all over India. 7 students from ATS Valley School, Derabassi participated in this and were among top 50 students over all India. Rushi Manocha of grade 2 got 31st position, Keith Hussain of grade 3 got 31st position, Tanush Arya of grade 3 got 48th position, Saundarya Singh of grade 3 got 44th position, Kanika of grade 5 got 24th position, Akanksha Verma of grade 5 got 39th position and Drishtii Verma of grade 5 got 44th position.

ROLL AND TELL GAME

A fun activity was done in the speaking class of grade 3. The students one by one rolled a dice and from the chart whatever was written against the number, they spoke about that referring to the last library book they read. For example- if the dice read 1, then they had to speak about the main character and so on. The activity proved to be great infotainment for the students.

READER OF THE MONTH

In the words of Dr. Seuss "The more that you read, the more things you will know. The more that you learn, the more places you will go." Reading is an active habit which stimulates our imagination and increase our ability to be more empathic (showing an ability to understand the feelings of another). Books are a uniquely portable magic which students take home from the library and the students who take the most magic home get awarded the READER OF THE MONTH prize.
