Pre-Primary

Life skill: Walk in a line

Walking on the Line activity invites children to walk steadily on a line as a means of refining their balance and learning to control their movements.

To introduce this activity in the classroom we organized an activity of "Walking on the Line." We used a line taped on the floor and taught the children to walk on it.

Dice Activity

In Grade LKG kids enjoyed the Dice activity, in this activity kids rolled the dice and inserted the number of beads according to the number on the dice. This activity helps to improve their hand-eye coordination and identification of numbers.

Pattern on sand

Sand and children are best friends, keeping this in view today UKG children performed a fine motor skill activity that is tracing the given pattern on sand with finger. This activity helped them in improving their concentration and focus.

Children enjoyed a lot while doing this activity.

Q-tip Activity

In Grade LKG kids tried to write their names in a unique way. Kids wrote it with the help of Q-tip. It is super fun and usually involves more than one of the senses. This activity helps to develop their fine motor skills as well as improves their hand and eye coordination.

Shapes with sticks

In grade UKG children arranged sticks on Triangle and square shapes. This activity help them to develop their fine motor skills and construction too. Children enjoyed a lot while doing this activity.

Show and tell

A key part of the preschool curriculum, 'show and tell' is an activity which helps in child's learning development, as it prepares them to organize information and build their confidence.

In Grade UKG Show and tell activity was conducted on the topic : My favourite Summer fruit. Children enjoyed and performed very confidently.

Primary-Secondary

Inter house speech competition

The school had organised an Inter house speech competition for classes 5-7 on 6.5.2023 in school premises. From each house four participants participated in this speech competition. The speech of every participant was very impressive and students were very confident. The duration of the speech was 2 minutes. The competition was attended by school's Vice Principal Sir and Ma'am. At the end, Vice Principal Sir addressed the students with his encouraging words. It was indeed an informative session.

Show and tell

Show and Tell Activity was organized on 10th May, 2022 to strengthen the verbal skills and to foster public speaking competency of the young minds.

The students from Grade 4 participated in this activity which helped them to build their self-confidence and self-esteem. It enabled them to improve their descriptive skills by communicating feelings, thoughts and emotions with words.

The students were informed to bring their favorite toy or any object of their choice. They were excited to share their descriptive narration and waited eagerly for their turn to show and tell. Thus, this event helped the students to build their social, emotional and language skills.

It was an interesting and a thrilling experience for the kids sharing their feelings with their peer group which further provided fun and comfortable learning arena for everyone involved.

'Laga Matra' Punjabi

The children of Class V 'B' made flash cards on the topic 'Laga Matra' based on their Punjabi grammar textbook. The children completed the work with great interest. Through this creative work, the children got to learn to make correct sentence structures and they enjoyed the activity.

True North

Gratitude Circle

Students of LKG and UKG participated in Gratitude Circle Activity. The students were seated in a circle and they were explained the importance of saying “THANK YOU” to express gratitude. They expressed thankfulness towards their parents, teachers and friends by using the phrases like – “Thank you Mom for loving me” “Thank you dad for playing with me” “Thank you my friend for sharing your pencil.” They were also given stuffed toy animals and they learnt to show gratitude towards them- like cow for giving us milk, dog for protecting our house and sheep for giving us wool.

Playing with Domino blocks

“If you learn self-control, you can master anything.”

To inculcate the trait of better self-control in students, they were given domino blocks to form different designs or shapes. As they tried to make the patterns, they learnt to control their disappointment and anger, every time a block fell and the whole structure crumbled down. They learnt to remain persistent and optimistic about creating their envisioned designs with the blocks. The activity also enhanced their patience and concentration level.

“I’m thankful for....”- Sunflower Craft

As part of the ongoing True North topic ‘GRATITUDE’ the pre-primary students participated in an activity Sunflower Craft. They were given the cut-outs of sunflower and in the center, it was written “I’m thankful for...” Firstly, they were explained about the good things we all possess in our life and the importance of being thankful towards these blessings. On the petals, the students wrote and draw the things they are thankful for; like- Mom, Dad, fruits, toys, ice-cream, rainbow, stars etc. They were brimming with joy as they pose for pics along with their craft.
