JULY 2023

Pre-Primary

Tiara Making

- Our blooming little tots of Grade Foundation made Tiara using paper plate.
- They made colourful flowers with origami sheets to decorate the tiara.

Outcomes of the activity:

- It helps a child to develop fine motor skills.
- It improves hand-eye coordination.
- The child learns to concentrate and focus on one activity at one time.
- It encourages creativity and imagination.
- It helps in colour identification

Blue Water Mosaic

- Students of Grade Foundation made Blue Water Mosaic in Coloring Book, with the help of paper pasting.

- They made colourful fishes with thumb printing.

***Outcomes of the activity:**

- It helps a child to develop fine motor skills.

- It improves hand-eye coordination.

- The child learns to concentrate and focus on one activity at one time.

- It encourages creativity and imagination.

- It helps in colour identification.

- It enhances their understanding of water animals.

Primary & Secondary

Globes and Maps

“Speaking activities allow children to communicate effectively”

The students of Grade 6 performed speaking activity and spoke a few lines on "Importance and comparison of globe and map". They talked about the pros and cons of using globes and maps and also explained different types of maps and their usage.

They had a great learning experience and enjoyed this activity enthusiastically.

My favourite dance form

The students of Grade 4 performed speaking activity on "My favourite dance form".

They spoke a few lines on their favorite dance form.

They talked about different classical and folk dance forms of different states and their costumes.

They had a great learning experience about the dance and culture of India by doing

this speaking activity. They enjoyed it a lot.

Inter House Speech Competition

ATS Valley School, Derabassi always thrives to cater to the all-round development of their students. With this intention in mind, an Inter House Show and Tell Competition for Grades 1 & 2 and Speech Competition was held for the students of Grades 3 to 10 on Saturday, 22nd July 2023. The objective of the competition was to make the students confident and better orators so that they can fearlessly express their views on the selected topics.

The participants delivered their speeches with great confidence and left no stone unturned to give

in their best on the topics they had chosen. They were asked to present their views in the time slot of 2 minutes. They were judged on the criteria of content, fluency, voice modulation body language and presentation.

The speeches were exciting, and judging the winners was difficult.

Good touch – Bad touch

Safety and Security

Sensitizing children about various issues like good touch and bad touch, makes them emotionally strong and helps them to grow confidently. It also helps them to handle unpleasant events of life in a better way, so that it does not impact their growth and personality.

In this endeavour, here are glimpses of how we conducted various learning sessions of self defense techniques for grades 1-10 children through various means and ways.
